

# GREAT LAKES WOOD FLOORS

Are you looking for a stain to match your new Great Lakes Wood Floors? At Great Lakes Flooring, we have partnered with PPG to provide coordinating stain matches in both gallon and quart formulations. This stain can be purchased at an authorized PPG Retailer in your area. We have included a link to the PPG Dealer Locator as well as a list of the coordinating stain matches we currently have. Should you not see a color listed below that you are looking for, you can take a few pieces of the material to an authorized PPG Retailer along with an unfinished piece of wood that you will be matching to the flooring. The PPG store can provide you with a stain that matches once you provide them with these two items.

Before applying the stain, you should test it in an inconspicuous area or on a piece of unfinished material as a test to determine how much stain to apply. Once you have tested the stain and have a feel for how much it will take to achieve the desired color, you can proceed with completing your project. You can discuss the stain and base with the PPG Representative for guidance on how to best apply the stain to ensure it is a good match.

We hope this information is helpful, but should you have any additional questions please reach out to us at [info@greatlakeswoodfloors.com](mailto:info@greatlakeswoodfloors.com)
